

Rec'd POT/PTO 26 DEC 2001

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicants : Paul Phillip Van Saarloos and Jon Dishler
Serial No. : 09/762824
Filed : February 14 2001
For : "Surgical visual feedback and eye fixation method and apparatus"

STATEMENT OF FACTS IN SUPPORT OF FILING ON BEHALF OF NONSIGNING
INVENTORS (37 C.F.R. §1.47(b))

This statement is made as to the facts that are relied upon to establish the diligent effort made to secure the execution of the Declaration by the nonsigning inventors for the above-identified patent application.

Because signing on behalf of the nonsigning inventors is a person or entity showing a sufficient proprietary interest, this statement also recited facts as to why this action was necessary to preserve the rights of the parties or to prevent irreparable damage.

I, Simon Charles Martin state:

1. I am a citizen of the United Kingdom residing at 8 Traylen Grove, Mt Claremont, Western Australia, 6010, Australia.

2. I am authorized by the following person or juristic entity with sufficient proprietary interest,

Q-Vis Limited
6 Gould Street
Herdsman, Western Australia 6017

My title is Company Secretary and Chief Financial Officer of Q-Vis Limited.

3. Upon information and belief, on August 14, 1999 The Lions Eye Institute of Western Australia (hereinafter "The Lions Eye Institute") filed International application No. PCT/AU99/00665 for "Surgical visual feedback and eye fixation method and apparatus", naming Paul Phillip Van Saarloos (hereinafter "Dr. Van Saarloos") and Jon Dishler as the inventors and claiming priority of Australian application No. PP5284 filed August 14, 1998.

4. Upon information and belief, a national stage application based upon International application PCT/AU99/00665 was filed in the United States on February 14, 2001, and was assigned Serial No. 09/762824 (hereinafter the "U.S. '824 application").

5. Appended hereto as Exhibit 1 is a copy of a letter dated January 18, 2001, that I sent to Corrs Chambers Westgarth, attorneys for Dr. Van Saarloos, enclosing, among other documents, a Combined Declaration and Power of Attorney and an Assignment for the U.S. '824 application. Neither Dr. Van Saarloos nor his attorneys responded to that letter. I wrote to Dr. Van Saarloos' attorneys because Q-Vis was by then in dispute with Dr. Van Saarloos, who had commenced proceedings against Q-Vis.

6. Appended hereto as Exhibit 2 is a copy of a letter dated March 9, 2001, that I sent to Dr. Van Saarloos' attorneys, Corrs Chambers Westgarth, again requesting execution, on an urgent basis, of the application documents for the U.S. '824 application and commenting briefly on matters arising from a conversation between attorneys respectively acting for Dr. Van Saarloos and Q-Vis. Neither Dr. Van Saarloos nor his attorneys responded to that letter.

7. Appended hereto as Exhibit 3 is a copy of a letter dated May 31, 2001 I sent to Dr. Van Saarloos' attorneys, again requesting the prompt execution of the documents previously forwarded with respect to the U.S. '824 application.

8. Appended hereto as Exhibit 4 is a copy of a faxed letter dated June 1, 2001 from Dr. Van Saarloos' attorneys to me advising that Dr. Van Saarloos would sign the documents requested in relation to the U.S. '824 application and other applications.

9. During a subsequent discussion between Q-Vis attorneys and Dr. Van Saarloos' attorneys, Dr. Van Saarloos' attorneys requested fresh documents to be prepared, including the Combined Declaration and Power of Attorney of Assignment for the U.S. '824 application. My colleague, Sharon Humphris, Patent Scientist, Q-Vis, Limited (hereinafter "Ms Humphris") requested Q-Vis' patent attorneys to prepare fresh documents for execution. Appended hereto as Exhibit 5 is a copy of a letter dated July 5, 2001 to Ms Humphris from Q-Vis' patent attorneys forwarding the new documents, including a Combined Declaration and Power of Attorney and an Assignment for the U.S. '824 application. Ms Humphris forwarded the new documents to Q-Vis' attorneys in July 2001 for despatch to Dr Van Saarloos' attorneys. A copy of the forwarding letter is appended hereto as Exhibit 6.

10. I again forwarded the Combined Declaration and Power of Attorney and the Assignment directly to Dr. Van Saarloos' attorneys in early October 2001, but to date he has not returned the executed documents. A copy of the forwarding letter is appended hereto as Exhibit 7.

11. Appended hereto as Exhibit 8 is a copy of a letter dated April 5, 2001 sent by Ms Humphris to the other inventor Dr. John Dishler (hereinafter "Dr. Dishler"), enclosing among other documents, a Combined Declaration and Power of Attorney and an Assignment for the U.S. '824 application. Dr. Dishler did not respond to that letter.

12. Appended hereto as Exhibit 9 is a follow up email dated April 19, 2001 from Ms Humphris to Dr. Dishler.

13. Appended hereto as Exhibit 10 is a copy of a letter dated May 31, 2001 I sent to Dr. Dishler again requesting the prompt execution of the documents previously forwarded to him with respect to the U.S. '824 application. Dr. Dishler did not respond to that letter and to date has not returned the executed documents.

14. The execution and filing of the Declaration by Q-Vis is necessary to preserve the rights of the parties and to prevent irreparable harm which would result from the loss of priority rights to International patent application No. PCT/AU99/00665 and Australian patent application No. PP5284.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that wilful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such wilful false statements may jeopardize the validity of the application or my patent issued thereon.

Date: 14 November 2001

A handwritten signature in black ink, appearing to read 'SC Martin', is written over a horizontal line.

Simon Charles Martin
